BUILDING DESIGN

vacation house

JAHANGIR VILLA
BARISAL, BANGLADESH.

An architectural rendering of a modern, five-story apartment building. The building features a mix of red brick and light grey concrete. It has multiple balconies with blue-tinted glass railings. Some balconies have small green plants growing on them. The ground floor has large glass windows and doors. The building is set against a blue sky with some birds flying. In the foreground, there are green trees and a green car. The right side of the image has a light green background with a dark green vertical bar.
